

The Nylon Series

NS24ce / NS24e

New rosewood laminate models expand the NS line

Taylor's Nylon Series models offer all the distinctive flavours of the classical sound, yet with the modern, familiar feel of a Taylor steel-string. A pair of rosewood laminate models joins the Nylon Series this summer, making a Taylor nylon-string more affordable than ever. Choose from the cutaway NS24ce and the non-cutaway NS24e. Each is a Grand Auditorium shape and features a satin-finish Indian rosewood laminate back and sides paired with a solid Sitka spruce top, along with Taylor's ES-T[®] under-saddle pickup. With an ultra-playable 1 7/8-inch neck and onboard electronics, these nylons offer a comfortable, performance-ready alternative to a traditional wide-neck classical guitar.

NS24ce

- Indian rosewood laminate back/sides, solid Sitka spruce top
- Indian rosewood peghead overlay
- Venetian cutaway
- Ping classical chrome tuners with cream buttons
- Taylor's ES-T[®] under-saddle pickup

NS24e

- Indian rosewood laminate back/sides, solid Sitka spruce top
- Indian rosewood peghead overlay
- Non-cutaway
- Ping classical chrome tuners with cream buttons
- Taylor's ES-T[®] under-saddle pickup
