013-1512-306	Road Worn '72 Telecaster® Custom , Maple Fretboard, Black

306 (Black)

ROAD WORN '72 TELECASTER® CUSTOM:
 One of our most popular Telecasters is now available with our award winning Road Worn treatment! Available in limited quantities so don't miss out. 1972 was a magical year for the Telecaster® guitar, which was then available in several new designs and with more options than ever before. The '72 Telecaster Custom features many of those options, including an alder body, a C-shaped maple neck, bullet truss rod, three-bolt neckplate, a Wide Range humbucking pickup at the neck and a traditional single-coil pickup at the bridge.
