Product #	Description	UPC	MSRP	MAP	Net
231-5500-020	Rumble™ 75, Black, 120V	717669835439			

BRACE YOURSELF. THE ALL NEW FENDER RUMBLE. TOUGHER, LOUDER, BETTER SOUNDING BASS AMPS FROM THE ONE THAT STARTED IT ALL.

RUMBLE™ 75:
 Brace yourself-the Rumble™ 75 will envelope you in undulating waves of idyllic bass bliss before you even turn it up very loud. Its powerful tone is the result of pushing 75 watts through a 12" Fender® Special Design Speaker, and you can blend adjusted-to-taste overdrive with pure, clean bass tone for first-rate Fender bass sound. Optional footswitch turns the overdrive on/off on the fly. The Rumble 75 also boasts a pair of EQ presets for chest-pounding punch and pulsing mid-scoop, plus a convenient tilt-back design for improved monitoring. Great sound, style and performance at an unbeatable value-that's the Rumble 75.

RUMBLE™ 75
